

Hoox - TWS Earphones with Dual Leader Technology

SKU: TEJZEARHOOXBTW

TWS earbuds, 400mAh charging case, semi in-ear

WINNING ALCHEMY

TWS Hoox JAZ earbuds are synonymous with lightness, sophisticated design and first-class audio performance. They work in both stereo and mono mode, pair automatically and guarantee a comfortable fit.

Extremely elegant and cutting-edge accessories featuring refined material details that reflect a style in tune with the times. Introducing JAZ, an acronym for Just Audio Zone, the brand that represents high fidelity reproduction, perfect for an optimal listening experience.

HIGHLIGHTS

The **semi in-ear design and the lightness** of the Hoox ensure incredible comfort. Wearing them all day long will not bother you at all.

Removed from their case, the earbuds are paired with each other without the use of wires thanks to **TWS (True Wireless Stereo) technology**.

Touch controls allow you to manage music and calls with one touch.

MONO AND STEREO

These TWS earbuds can be used together or separately. In fact, **Dual Leader technology** allows you to use a single headset to make phone calls while the other is in the charging cradle. This feature is particularly useful in all situations where you need to **hear external sounds clearly**.

RECHARGING

The pocket-sized **case** has a **charger** function.

When you put the discharged earbuds in it, they will automatically turn off. Simply take them out to reactivate them without

pressing any buttons. For a full charge, which guarantees **4 hours of autonomy** for the Hoox, you need to wait about an hour and a half.

Once the case has exhausted its charge, it can be recharged via the **USB-C cable** included in the package.

FEATURES:
