

Amber - TWS wireless earphones with strap

SKU: TEJZEARTWSAMBEBTW

True Wireless Stereo semi in-ear earphones for music and calls

Convenient semi-in-ear headphones that fit easily in your pocket of your jeans

The **TWS Amber earbuds** are the ideal solution for those looking for **comfortable and compact** headphones **for listening to music and making calls**. These headphones have been designed to be comfortable to wear. They are also very compact. The charger case is also small and fits easily into a trouser pocket. The **detachable strap** supplied also provides excellent portability: you can easily attach it to a key ring.

Totally wireless: maximum comfort and freedom of movement

Amber earbuds pair **wirelessly with** smartphones, tablets and laptops from **Apple, Samsung, Xiaomi, Oppo, Huawei and many other brands**. Simply put your device in your pocket, bag or leave it in another room: the **connection** is always guaranteed **up to 10 metres** away. Enjoy maximum freedom of movement even when exercising in the gym. Thanks to **True Wireless Stereo (TWS)** technology, the earbuds also **switch on and pair automatically** when you take them out of the case.

Charge your earbuds without a power source with the charging case

With Amber, you can listen to music **and make calls** for up to 4 hours at a time. If they have run out of power, simply place them in the **charging case**, which will restore them to working order in **1 hour**. If the case goes flat too, simply power it from a charger or mains adapter using the included **USB-A - USB-C cable**.

Keep your music and calls under control at all times with the integrated touch keys

You can manage music and calls directly from your earbuds without ever touching the connected device. Using the built-in touch buttons, you can **play/pause a song, change tracks, answer/reject a call** and **dial the last number**. You can also **activate Google's voice assistant or Siri** by tapping one of the earbuds three times.
