THE STYLE YOU'RE LOOKING FOR

Sweet Jazz, a persuasive fusion of warm and relaxing harmonies. These True Wireless Stereo earbuds represent a winning mix of innovative and stylistic choices, suitable for listening to music or receiving calls.

PERFORMANCE

The Sweet earphones boast Wireless 5.0+EDR technology that ensures high performance, a stable connection and reduced energy consumption. These accessories feature **TWS (True Wireless Stereo) technology**: the headsets **connect to each other without the use of wires** and pair with your smartphone by simply accessing your device's Bluetooth settings.

LISTENING THAT SURPRISES

Spend pleasant moments with your favourite songs or answer calls via the integrated microphone. The **touch controls** allow you to manage your songs, accept or reject calls, or recall the last number. Deep bass and clear sound will stay with you throughout the listening experience.

POWER AT YOUR FINGERTIPS

The pocket case serves as an excellent **holder**, but also as a **battery charger**.

When you put the discharged earbuds in it, they will automatically turn off. Simply take them out to reactivate them without pressing any buttons. For a complete recharge, which guarantees **3 hours of autonomy** for Sweet, you just need to wait about 1 hour.

Once the headset has run out of power, you can power it through the **USB Type-C** cable included in the package.
