

# Witcher 10 - TWS multi-input speaker with carrying strap

SKU: TEJZSPEAKWITCH10BTK

## Easy to carry and ideal for listening to your favourite music from any source

### Wireless and with TWS technology

The **Witcher 10 speaker** allows you to play music from a **smartphone, tablet or laptop** without the aid of wires and with a power of **10 Watts**. The signal remains stable even at a **distance of 10 meters**: can be used reliably even at a distance to exercise or enjoy your favourite TV series. Furthermore, thanks to the **TWS technology**, you can **sync two Witcher 10 speakers** to get a unique effect for your parties or while watching a film.

### Multi-input: music also from a USB stick or TF card

Opening the rear door you will find a **USB-A port** to connect a USB stick and a **dedicated TF card input** such as SD cards. This allows you to listen to the music stored on these external memories as well. The **USB-C port**, on the other hand, is used to **charge the speaker** via the USB-A - USB-C supplied.

### Splash resistant

It is **IPX5 certified**, which means it is splash and sand resistant. It's the right speaker for the poolside, the beach and the ski slopes.

### You can also make and receive phone calls thanks to the integrated microphone

You can easily talk to your interlocutor during a call or record voice notes.

### Take it anywhere using the carrying strap

The practical carrying strap ensures optimal portability and the **compact size** allow you to store it comfortably in a backpack.

### Control volume and playback directly from the speaker

The **built-in keys** allow you to manage music without touching the connected device. In the upper part, in fact, you will find buttons dedicated to volume control, playing/pausing a song, and changing the listening source.
