

Witcher 30 - TWS wireless speaker with lanyard

SKU: TEJZSPEAKWITCH30BTK

30 watts of pure sound - all the volume you need for your music!

Wireless and TWS technology

The **Witcher 30 speaker** lets you play music from a **smartphone, tablet or laptop** wirelessly. The signal remains stable even at a distance of **10 meters**: use it safely away from your device to work out or watch your favourite TV show. Plus, thanks to the **TWS technology, you can sync two Witcher 30 speakers** to get a unique effect for parties or while watching a film.

30 watts of power: get the most out of your favourite tunes

This speaker gives you all the volume you need to liven up your evenings with friends. The sound is delivered at a maximum power of 30 watts to give you the best sound experience.

Multi-input: music also from a USB stick or TF card

Under the strap you will find a **USB-A port** for connecting a USB stick, a **dedicated input for TF cards**, such as SD cards, and one for inserting a **AUX** cable. This allows you to listen to music stored on a variety of external storage devices or MP3s without a wireless connection. The **USB-C port**, on the other hand, is used to **charge the speaker** via the USB-A - USB-C supplied.

Splash resistant

It is **IPX5 certified**, which means it is splash and sand resistant. It's the right speaker for the poolside, the beach and the ski slopes.

You can also make and receive phone calls thanks to the integrated microphone

You can easily talk to your interlocutor during a call or record voice notes.

Take it anywhere using the carrying strap

The practical carrying strap ensures optimal portability and the **compact size** allow you to store it comfortably in a backpack.

Control volume and playback directly from the speaker

The **built-in keys** allow you to manage music without touching the connected device. The speaker has buttons to control the volume, play/pause a track and change the listening source.
